Patio al Fresco Sul Mare, sea view terrace –

We will be recreating the traditional Amalfi Coast Lemon Orchard with fresh lemons and greenery hanging from the existing pergola. On the right side of the terrace, we will add flowers and lemon backdrop.

Dark Orange and blu drapes will also be added to create a stage for the bride.

Wedding Ceremony

Infinity Terrace, sea view

Ravello features one of the most unique view over the Amalfi Coast and that's why I want to suggest a light mandap with colourful curtains and just a garland of greenery and flowers. The colours of the curtains should remind a festive day but also the treasures of this part of Italy.

That's why we suggest the combination of yellow (lemons), orange (tangerines and oranges that we produce here) and a touch of turquoise Eastern Blue like our sea.
